Gering, NE 69341

The Golden Halo Foundation thanks you for your donation of \$250. Thanks to you and other businesses in our community, the Golden Halo Foundation will continue to be able to provide financial assistance, in the way of grants, to help those children and their families with long-term disabilities. The financial assistance we provide is to help seek medical treatment, diagnostic evaluations, durable medical equipment and to cover expenses related to securing medical care. The Foundation currently serves families in Colorado, Nebraska, Iowa, South Dakota and Wyoming. The Golden Halo Foundation also seeks to educate communities about the effects these diseases have on the patient and their family, as well as inform them about advances in research in the area of long-term disabilities.

Sincerely,

Jonathan Arnold
